Gallery Prospectus Descriptions 2026 / 2027

10-05-26 Wish You Were Here

The artworks in this exhibition serve as a message to yourself or others about places or events you want to remember or share. The theme includes places you have traveled to, places close to home, or even home itself.

11-02-26 Art and Emotion (Open to ACSWF)

The “Art and Emotion” show is looking for any artwork that expresses an emotion or elicits an emotion from the viewer. The subject of the art piece may express the emotion, or the artwork elicits an emotion from the viewer by the use of art elements and principles. Consider emotions from anger to joy, chaos to calm and the vast array of emotions in between.

12-03-26 Silent Auction in December

Please donate artwork, a free lesson, gift basket or volunteer to Gallery Sit during this important fund-raising event for the league. Specific details will be communicated during the fall. Thank you!

01-04-27 The Sky’s The Limit

This is a sky-focused exhibition. We are looking for artworks that interpret the sky in many forms- from the brilliant blue of midday to the deep mysteries of the night sky. Consider storms, atmospheric phenomena, as well as celestial objects and space. The sky is the dominating factor.

02-01-27 Our Animal Planet (Open to ACSWF)

This show invites artists to celebrate the beauty and spirit of the animal kingdom. This exhibit seeks to showcase creatures from the wild to the domestic- that share our world.

03-01-27 Black and White Art (Open to ACSWF)

This is a black and white themed exhibition focusing on monochromatic art. We are seeking artworks utilizing black, white, or shades of gray that highlight the qualities of these powerful neutrals.

04-05-27 Celebrating Color

Artwork will salute the Color Wheel in any of its vast variations. Express yourself through color in any medium.

05-03-27 Florida Life

Artwork should reflect personal perspective of life in Florida, whether coastal or inland, urban environments or the natural world.
